Tuesday, October 1, 2024

Dear Crystal Lane Resident,

Priority One Security will begin accepting renewal applications for your 2025 parking permit program starting October 01, 2024.

What does this mean? This means that the parking permit sticker on your vehicle will expire at the end of each year, consequently you will have to renew it every year. All vehicles within the community must be registered regardless of the need for a parking permit.

How can I renew my parking permit? By going to our website at www.p1s.us/permits-registration fill out and submit the form with all current requested documents.

Do I need to upload all the documents requested before? YES, go to our website at www.p1s.us/permits-registration upload all the documents and re-apply, all vehicles must be registered to the community and have a current DMV registration (expired vehicle registration will not be accepted).

Starting 2025, all applications must include a photo of their garage and driveway area. Please stand far enough back to where we can see the entire driveway and garage area, with the garage door open and the vehicles listed to park in the garage inside.

Important: All vehicles in your household must be registered to your address in the community prior to your renewal request, if they are not registered to the community please go to: www.dmv.ca.gov for a change of address, once these has been completed please upload the receipt obtain by the dmv showing the change of address and your current registration and all vehicle (s) information needed on our website.

* All residents must register all vehicles associated with their address, regardless of whether a parking permit is needed. Renewals must be completed by January 1, 2025. There will be a 30-day grace period to submit the required information, after which, starting January 31, 2025, any vehicles not registered or with expired parking permit stickers will be cited and subject to towing. Additionally, as of February 1, 2025, any applications missing the necessary documentation will also be subject to citation and towing.

Once your form has been received and all information verified, you will receive a \$35.00 invoice via email if you qualify for a parking permit. Be sure to verify that your email address is correct on your registration form and periodically check your junk or spam folder to ensure you receive the invoice. After the invoice is paid, your 2025 parking permit will be mailed to your address via USPS. If payment is not made within 30 days of the invoice date, your application will be closed and your vehicles will be subject to cite and tow. You will also need to re-apply on our website. www.p1s.us/permits-registration

If you have any questions regarding your parking permit renewal, please feel free to contact us with all your questions at: (714) 778-0447.
