## **PRIVILEGES**

The El Dorado Lakes Condominium property, facilities and equipment are restricted for use by residents of The Lakes and their guests. No others may use said facilities without the express written consent of the Board of Directors.

A resident is defined as any person who has been verified by the El Dorado Lakes management company via the occupancy form which can be found on the Lakes website, [www.eldoradolakes.net](http://www.eldoradolakes.net), under "documents." Resident vehicles must also be properly registered via occupancy form to be considered for membership privileges.

The Board of Directors is empowered by the CC&R's with the right to assess an owner for damage to any of the common area property, including buildings, equipment and furnishings as a result of negligence, carelessness, vandalism and/or misuse by residents and/or their guests.

Please remember that consideration of other residents is just as important in a condominium association, if not more so, than anywhere else. The close quarters in which we live requires that we be mindful of the noise that may be generated by our televisions, stereos, guests, children, pets, cars and appliances. Should a problem occur, may we suggest the following course of action:

1. Speak directly with the neighbor with whom you are having the problem.
2. If speaking with them has no effect, you have the right to request the assistance of the Long Beach Police Department in enforcing their noise ordinances.

Please remember that the Board of Directors is not a police force, nor are we able to right all wrongs which occur within our complex. The "good neighbor policy" is usually the best way to resolve most issues.

## **GENERAL RULES:**

1. The resident Occupancy Forms and proof of insurance are required to be on file annually with the management company. Failure to comply will result in loss of access to amenities and a fine.
  2. Changes of Occupancy - All owners must notify the Association of changes in the occupancy of their unit(s) by filing an Occupancy Form with the Management Company within fifteen (15) days of such a change.
  3. Smoking – Smoking of cigarettes, cigars, pipes, e-cigs, vape pens, marijuana, or any other inhalant that produces smoke or vapors is prohibited in the clubhouse building and adjacent patios, pool areas and tennis courts.
  4. Window Treatments - Owners are responsible for installing proper window treatments in their units. Draperies, blinds, shutters, etc. must blend with the exterior color scheme and are to be maintained in good conditions. Unacceptable window treatments include sheets, blankets, or materials attached to windows, and articles stacked against or next to the windows.
  5. Residential units are not to be rented for short-term transient, hotel-style stays, such as those advertised on Air BnB and other travel-related sites.
