

March 16, 2020

Dear Valued Customers,

In an abundance of caution to reduce potential exposure to the Covid-19 virus, our office will follow the suggested CDC guidelines and be closed to all non-essential activity for the foreseeable future. ***We assure you that your business needs will be met.*** If you require assistance with a gate device or key, please email your manager and arrangements will be made to accommodate you. We will continue to modify this procedure as conditions allow. These are challenging times and we appreciate your understanding in keeping our staff and you, our valued customers safe.

Stay well,
PPM Staff
