

Making Any Changes?
Don't Forget To Obtain Approval First!

Our governing documents require that the Association approve all proposed architectural changes before any work is started. The importance of this requirement cannot be overstated when you consider the reason for such a restriction.

Membership in a community association requires compliance to pre-existing conditions and regulations. One of the biggest advantages of these conditions is the protection of our property values. The value of your home is directly related to the condition, appearances and aesthetics of our community as a whole. By regulating the kind and types of architectural changes that can be done, our Association is better able to maintain our property values.

Getting our Association to approve all proposed architectural changes is not just a good idea to protect your investment, *it is a requirement!* If you have any questions, please do not hesitate to contact our Association Manager.
