

# SAN LORENZO COMMUNITY ASSOCIATION

May 13, 2025

San Lorenzo Residents,

As summer approaches, the Association is conducting routine inspections and maintenance of the community's fire sprinkler and electrical systems. It has come to our attention that residents have begun storing personal belongings in the fire sprinkler and electrical utility closets on each of the unit buildings. Please be reminded that these closets are not intended for storage and must always remain clear to ensure immediate proper access and function of the sprinkler and electrical systems.

To facilitate necessary maintenance and to maintain compliance with safety regulations, all residents are required to remove any personal belongings from the fire sprinkler closets by **noon on Saturday, May 31st.** The Association has engaged with a vendor to sweep out and clear out all utility closets in the community following this date.

**After the above deadline, any remaining items will be removed and discarded.**

The Association, its vendors, and Management will not be responsible for any lost, missing, or damaged items. Additionally, no reimbursement will be made for any items disposed of.

We appreciate your immediate attention and cooperation in maintaining a safe and compliant community. Should you have any questions regarding this project to please contact at [Christie@stonekastle.com](mailto:Christie@stonekastle.com) or (714) 395-5245.

Sincerely,

Christie Alviso, Manager  
On behalf of the San Lorenzo Board of Directors
