## SURVEILLANCE CAMERA RESIDENT POLICY

The following requirements must be followed prior to installing surveillance cameras at your unit.

1. Cameras can only be inside windows or mounted externally to the rafters.
2. Cameras must be small in size, no larger than 4x4x4 inches.
3. Cameras cannot be pointed into a neighbors window or patio area. Please be courteous of your neighbors
4. Cameras inside windows can be wired or wireless but wires must not be visible from the outside.
5. Exterior mounted cameras must be completely WIRELESS (both data and power)

6. Exterior cameras must be mounted to rafters in proximity to your unit. You cannot mount a camera to rafters of units that are not your own.

7. Exterior cameras cannot be mounted to the fascia board.

8. **Exterior cameras must be mounted in a way that does not penetrate the structure of the building.**

9. For exterior cameras below is the suggested mount approved by the board of directors or a comparable mount with a clamp mounting device that does not penetrate the wood.
