

VILLAS DE LAS FLORES

OCTOBER 2024

FLOWERS

Maintenance – No maintenance is scheduled this month.

TURF

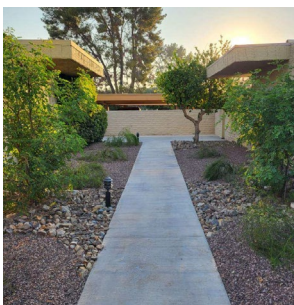

Mowing – Mowing will continue to be completed at the height of 1” inch.

Fertilization – No fertilizer will be applied this month.

Herbicide – Will be applied if needed and a week’s notice will be given.

SHRUBS

Focus pruning – Natural pruning will be done to plants and hedges throughout the property.

*This is a good month for pruning most plants and trees. If heavy pruning is needed, now is the time to do it. Fertilize shrubs to facilitate recovery from summer damage.

Plant Replacement – There are no plant replacements scheduled this month.

TREES

Scheduled Trimming – Trees will be marked on the 24th of October with a ribbon and will be removed on the 26th. Trees will be planted per the approved proposal, last week of November.

HIGHLIGHTS

Notes: October is a month of renewal. Summer is over the temperatures are usually mild and the fall planting season is here. This is an ideal time for almost all landscape tasks or projects.
