

VILLAS DE LAS FLORES

DECEMBER 2024

FLOWERS

Maintenance – There is no maintenance scheduled.

TURF

Mowing – The Bermuda grass is going dormant so very minimal mowing will be completed.

Fertilization – No fertilizer will be applied this month.

Herbicide – Will be applied if needed and scheduled a week in advance to notify homeowners with time. Notices will be posted throughout the property with more information.

SHRUBS

Focus pruning – All plants are being pruned in rotation and dead material is being removed.

*Prune lightly to prevent frost damage. Do not remove damaged foliage if frost damage occurs to prevent further damage. Limit planting of frost sensitive plants.

Plant Replacement – Plant replacements are scheduled this month.

TREES

Scheduled Trimming – Not scheduled this month.

HIGHLIGHTS

Notes: December in the desert brings cool weather with a chance of frost. Irrigation should be reduced significantly.
